BALCONY	683 SQ FT	63.5 M ²
TOTAL	2,789 SQ FT	258.9 M ²

Exact dimensions are measured to the exterior face of the exterior walls, the exterior of a heavy dividing wall between units, and the outer boundary of minor dividing walls adjacent to common elements, and in fact may vary from the dimensions that would be determined by using the description and address of the "Unit" set forth in this Declaration, which generally only includes the transfer distance between the perimeter walls and excludes transfer structural components. All dimensions are approximate, and all floor plans and development plans are subject to change. The architect, engineer, graphic, materials, plans, specifications, terms, conditions and endorsements contained in this brochure are proposed and non-contractual and no one will be held responsible for the final plans and specifications for the development. Further, Developer reserves the right to modify, remove or substitute any or all of the same in its sole discretion and without prior notice.
