Stated dimensions are measured to the exterior boundaries of the exterior walls, the centerline of interior demarcating walls between units, and the outer boundary of interior demarcating walls adjacent to common elements, and to both vary from the dimensions that would be determined by using the description and behavior of the "line" set forth in the Declaration (which generally only indicates the interior alignment between the perimeter walls and excludes interior structural components). All dimensions are approximate, and all floor plans and development plans are subject to change. The drawings, renderings, graphics, models, plans, specifications, terms, conditions and statements contained in this brochure are prepared and conceptual only and do not and will not necessarily reflect the final plans and specifications for the development. Further, Developer reserves the right to modify, revise or withdraw any or all the same in its sole discretion and without prior notice.
