2,148 Sq Ft / 199.6 M²

Square footage includes the terrace of the Unit and is otherwise measured to the exterior boundaries of the exterior walls and the centerline of interior dividing walls. This will in fact vary from the square footage that would be determined by using the description and definition of the "Engineering Area" set forth in the Declaration which generally only includes the interior space between the perimeter walls and excludes interior structural components. For the square footage of the "Engineering Area" obtained in the manner set forth in the Declaration, as well as the size of the Unit measured as described herein but without the terrace, see Exhibit "D" to the Declaration. All square footages are approximate and may vary with actual construction. All floor plans and development plans are subject to change. Plans are not to scale. The survey of the units and the provisions of the Declaration of Condominium exist solely in determining the boundaries and actual dimensions of the units. All fixtures, furniture, items of trade, and accessories are for display purposes only and will not be installed with the unit. Contact the Agreement, the features list included on the back of this 3A-540 floor plan and the prospectus for a description of the features which are to be included in the unit.
